Subject: Mandatory Demand Rates

APS
E-01345A-16-0036
E-01345A-16-0123

Mr. Little:

As a retired person, an APS ratepayer and Youngtown, Az Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden it would have spiked the kilowatt usage way up from what it normally is for a short period of time, but yet I am going to get stuck with a large bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong..... as a choice !

PLEASE VOTE AGAINST MANDATORY DEMAND CHARGES !!

Dolores Maffetone
Youngtown, Az Resident for 12 years

DOCKET:

APS
E-01345A-16-0036
E-01345A-16-0123

Commissioner Doug Little
Arizona Corporation Commissioner
Commissioners Wing
1200 West Washington-2nd Floor
Phoenix, AZ 85007

Dear Commissioner Little

As an APS user and ratepayer as well as a Youngtown Resident for over 10 years, I strongly object to the APS recommendation for their use of MANDATORY DEMAND CHARGES.

With this use of mandatory demand charge, it will product radically different charges every month. In fact, I believe it will raise most residential users electrical bills. As all of a sudden we would have spiked our kilowatt usage way up from what it normally is, based on this short period of time recording the individual users real usage. Residential demand charges are currently available as a choice. That is exactly how it should be.

I am asking you to vote against MANDATORY DEMAND CHARGES.

Respectfully

George F. Genz

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Sharon A. Baker

Doug Little
Commissioner
Arizona Corporation Commission
Commissioners Wing
1200 W. Washington - 2nd Floor
Phoenix, Arizona 85007

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Jeanne Coppin

Phoenix, Arizona 85007

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Doug Little
Commissioner
Arizona Corporation Commission
Commissioners Wing
1200 W. Washington - 2nd Floor
Phoenix, Arizona 85007

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Barbara Elliott
